

MIXER PRO

DESCRIPTION

Professional and lightweight 2 component manual caulking gun. In glass fiber reinforced nylon and stainless steel bracket.

PROPERTIES

- Reliable and stable design that is easy to use and provides precise proportions with accurate mixes every time.
- With 130kg pressure and optimum gear ratio, the gun is very fast, well balanced in the hand and ergonomic to work with without effort.
- The cartridge holder is swivel which makes it easy and quick to switch to new cartridges and making it easy to keep clean.
- Formulated with anti-drip function that prevents spillage of adhesive after use or when changing the mixing tip and makes annoying smudges avoided.
- One hand brake release.
- Is designed for extremely long life with handle and cartridge holder in glass fiber reinforced nylon and stainless steel bracket.
- A sturdy, durable caulking gun.

FIELD OF APPLICATION

- For use with Quick Bond Flex and Power Mix 50ml / 63g side by side cartridges.

USER INSTRUCTIONS

1. Pull Rod to back position.
2. Turn cartridge holder to side and insert cartridge. Turn back holder to working position.
3. Press handle to desired amount of glue has been reached.
4. Press handle forward to release mechanism and stop glue from sipping out from cartridge.
